1000 Points of Light

Donate \$10 to become a Point of Light!

Between now and the end of the year, Illuminate Colorado's goal is to gather 1000 Points of Light for children and families in Colorado. Each Point of Light represents someone who financially supports our mission to strengthen families, communities and organizations to prevent child maltreatment. **One hundred percent of funds raised will support effective programs that keep Colorado kids safe and strengthen families throughout the year.**

Your generosity will help strengthen children and families and create a brighter future for all Coloradans.

Building brighter childhoods takes all of us working together. Become a Point of Light today!
